Term 1 - Week 6, 4th March 2021

FROM THE PRINCIPAL

Each week I have the pleasure of spending time in our classrooms, getting to know our students and seeing the teaching and learning in action. One of my favourite places to visit is our Prep classrooms. The first year of school is such a wonderful time. Our preps are always so excited, curious and ready to learn – and that includes our teachers as well! This week the Preps brought their teddy bears to school to help them with their writing, maths (measuring) and there was even time for a picnic!

SAVE THE DATES LOOKING AHEAD...

This year as part of our Connected Schools focus on enhancing and extending our partnership with parents and carers, we will be running a special evening event each term. There will be more information sent out shortly about these, but for now I encourage you to put placeholder dates in your diaries.

Term 1 – 7pm Tuesday 23rd March - Tour of the new STEAM (Science, Technology, Engineering, Arts & Maths) room and a Forum with the Principal Team.

Term 2 – 7pm Wednesday 26th May. A presentation by Michael Ymer (Maths Consultant).

Michael's presentation will focus on helping our parents understand the focus of mathematics at Greenhills and offer strategies and ideas to help support your young mathematicians at home.

There is also a [Curriculum Day on Friday 26th June](#). On this pupil free day, our staff will be completing Cultural Awareness & Safety Training presented by our Koori Education Support Officer. This will be a wonderful opportunity for our school as we develop a greater understanding and appreciation of indigenous culture. We have scheduled this for the last day of the school term to minimise the impact on families.

BREAKFAST CLUB HAS ARRIVED!

I am excited to announce that Breakfast Club has started at our school. Every Monday morning, before school starts from 8.15am – 8.45am, students can access a range of healthy options for breakfast. These include oats, muesli, Vita Brits, wholegrain Cheerios, milk, baked beans, canned fruit, fruit cups, fresh apples, Vegemite and honey.

Having breakfast has been shown to have a positive impact on factors such as physical and mental health, social skills, concentration, behaviour, attendance and academic outcomes. The program is run in 1,000 school across Victoria by Foodbank. Our Greenhills Breakfast Club is located in Portable 4, which is opposite the Library. It will be run by parent and staff volunteers so if you are able to assist please let me know and I will add you to our roster. Hope to see you there!

WHAT WE HAVE BUILT THIS WEEK – WEEKLY SNAPSHOTS

Have you caught up with our new weekly summary of what has been happening across our school. Our “What We Have Built This Week” is sent out via Compass every Thursday and has a section including photos and a short paragraph for each area of our school. This has replaced our classroom blogs and we hope that this provides another quick and easy way to stay in the loop and keep up with the GREAT things happening at Greenhills.

SCHOOL COUNCIL UPDATE

Following our School Council elections, I am pleased to announce that Daniel Kelly, Rosita Zakaria and Kelly Rogel have been elected to join our School Council. They join Irina Fainberg, Adam Laws and Jaime McCowan as the parent members for 2021. Janine Hough and Becc Stephens are our staff members for this year.

Our first meeting was on Monday night and during the meeting Irina Fainberg was elected as School Council President, Kelly Rogel as Vice President and Jaime McGowan as Treasurer.

At the meeting we also confirmed our sub-committee structure for 2021. These are:

- Education & Communications - convened by Daniel Kelly
- Sustainability & Environment – convened by Adam Laws
- Finance - convene by Jaime McCowan
- Buildings & Grounds – convened by Kelly Rogel
- PA – convened by Josh Lucas (School Council Representative – James Penson)
- Canteen – convened by Kelly Rogel
- Out of School Hours Care – convened by James Penson

Our sub-committees are where the actual work of School Council takes place. All school councillors serve on at least one sub-committee and we also welcome other parents, carers and staff to join these. It would be GREAT to have lots of parent and carer involvement across all of these groups. I will publish the meeting dates and times for these committees next week.

I would like to introduce our School Council for 2021 (from left to right) Rosita, Irina Fainberg, James Penson, Becc Stephens, Janine Hough, Jaime McCowan, Daniel Kelly and Kelly Rogel and also Adam Laws who was an apology for our meeting.

THANK YOU HELEN SCHILLING & BETH COSTELLO

I would like to take this opportunity to acknowledge and thank Helen Schilling and Beth Costello for being part of our School Council over recent years. Both Helen and Beth were very active on our Council. Helen was responsible for leading our Out of School Hours Care committee and working with OSHClub as they began their work with our school community. Beth was instrumental in setting up a new sub-committee with a focus on the Environment and Sustainability. This has now become a very active committee with many parents joining last year and with big plans for the future. Both were also active members of our Education & Policy teams during their time on Council.

OUR SCHOOL LIBRARY IS STILL OPEN!

I would like to confirm that our School Library is still open! Whilst our Librarian, Michelle Arthur, who worked for one day a week last year has taken a tree change and moved to the country, we will still be operating as usual. We have set up a staff team who will step up to ensure that all the great things happening in this space continue into the future and we also have some very dedicated and knowledgeable parents who are trained Librarians who have also very generously offered to assist this year. Michelle has also offered to return for days during the year as needed to help us stay on track! We have also set aside significant funds in our Library budget for the purchase of books and reading resources and of course our first Book Fair is being held next week. Why not come in and take a look around our Library during the Student Agency Conferences on Tuesday 16th March. It will be open all day and into the evening!

RIDE TO SCHOOL DAY

Friday 19th March is National Ride to School Day. We have a number of students who ride their bikes and scooters to school each day and this might be an opportunity for a few more students to give this a go! There is a flyer in this newsletter.

Ipads at GHPS

We are now only a couple of weeks away from fully launching into our Year 3/4 iPad Program. This is the final reminder for families with students in this level to order a device or let the school know that your child will access a school device whilst onsite. Our new website is also being updated to include access to the online ordering portal and other documents

PARENT HELPERS

Thank you to all of our parents and carers who have returned their Parent Helper Agreements and completed the Inductions. The response has been fantastic and we are so fortunate to have such strong community support for our school. Our Parent Helper Inductions are a very important process that helps our school community understand that our school has a clear and public commitment to child safety in the form of our Child Safe Code of Conduct and Child Protection Reporting Policy. By including these policies as part of our parent helper requirement, our School Council has clearly defined and explained acceptable and unacceptable behaviours for staff, volunteers and children. We are still waiting on the greenlight for the Department and Government to have parent helpers in our classrooms, but hopefully by getting organised this early, as soon as we can we will be able to launch for 2021!

SCHOOL ENROLMENTS 2022

Believe it or not we are now starting to forward plan for 2022! Next week I will send a letter home to all families with younger siblings that may be starting school next year. It will be important for you to indicate to me that you have a child starting in 2022 and complete an enrolment form as early as possible.

We also have regular school tours each week on Tuesdays at 9.30am, or by appointment. If you know of any family that is interested in coming to our school please let them know about these tours.

CANTEEN

Welcome back to everyone

The canteen is open for lunch orders on **Wednesday, Thursday and Friday**. Orders can be placed via QKR or by sending a lunch order to the canteen. **PLEASE DO NOT send in a lunch order if you have already placed an order via QKR.**

Volunteers are now welcome back since Covid restrictions have changed from last year. If you are interested in volunteering whether on a regular basis or occasionally please do so through Carebookings.

The parent code is JGU9L and you can then select what dates you would like to help.

Maximum number of volunteers is 2.

The canteen menu is available on the school website or a copy can be obtained from the front office.

A menu will be available for window sales on the website in the near future that will enable parents to help their child/ren to make choices.

If you have any issues that you would like to discuss please contact me at school or alternatively on my email address miriam.pekolj@education.vic.gov.au.

Connecting Schools - Supporting boys in upper primary school

by Maggie Dent

The upper primary school years are the start of big physical changes and boys can struggle more than girls. Even though some of our boys are growing physically, this time can be challenging, unpredictable and full of big emotions and awkwardness.

Some anxiety can also occur as the end of primary school approaches and some boys can fight with their physiology. Parents need to be mindful to recognise that for many pubescent boys, every day at school feels like going into a war zone because it is so unpredictable.

The following ideas will help to guide you through this time.

Have realistic expectations

Create a calm, predictable environment to counteract the stress many boys may experience. Parents can do this by avoiding asking too many questions and placing too much pressure especially around homework. Especially avoid criticism, nagging and lecturing — they won't improve anything.

Keep things light

Boys appreciate lightness and humour, especially when they may be struggling with anxiety or worry. Maybe you could find some funny, goofy cat or dog videos to show them or share some funny experiences that might trigger the beautiful happy neurochemicals in their brain. Be a bit ridiculous – intentionally.

Share developmental changes

Have brief conversations with your son about the coming brain changes, especially pruning, which is a 'trimming down' process in the teenage brain where irrelevant/unused mental connections from childhood are lost. These conversations can help him understand why he may be struggling with organisation and be forgetting things that he used to remember. Once he knows there is a reason, he'll tend to manage it better — indeed many boys are relieved! Help your son to work out ways to remember important stuff.

Make home a welcome base for his friends

Ensure that you make your home a welcome base for his friends, regardless of gender. The hunger to 'hang out together' is still strong even for our digital natives, and they will always turn up to a place where they are welcome and where there is a familiar space to gather. It's really good to give your son's mates the message that 'our door is always open for you'. We never know when a family conflict becomes too painful for a boy or that just having some calm down time is what the whole family may need.

Stoke his spark

Help you son identify his passion whether sport, games or music that will keep him engaged in the years ahead. Disengagement is very common among boys in early to middle secondary school and those who have an interest they love and are capable at, tend to struggle less. In primary school boys should sample many activities so that they can discover their real interests.

Help manage anxiety

Many boys experience anxiety as they move toward adolescence and the end of the primary school years. Some boys display anxiety through silliness, inappropriate behaviour, an increase in aggression (often toward siblings), disrespectful language towards parents, changes in eating patterns and struggles with sleep. If you have ongoing concerns check in with your son's teacher and seek help.

Practise kindness

Even though this sounds counterintuitive if you are experiencing some hot moments with your pre pubescent or pubescent son, kindness especially in small unexpected ways has enormous power. Many boys struggle with low self-worth and when they muck up they struggle even more with feeling acceptable and loved.

Above all, reassure your son often that you love him fiercely and unconditionally, no matter what.

Maggie Dent presents a related webinar: Communicating with teenage boys

Our school has a membership with Parenting Ideas. As part of this membership, you can attend the upcoming webinar 'Communicating with teenage boys' at no cost.

About

In this webinar, Maggie Dent shows how using compassionate, empowering communication with teenage boys can better guide them across the bridge to healthy manhood to a place where they feel worthwhile and engaged in respectful relationships.

The Lion King Jr. tells the story of the epic adventures of a curious cub named Simba as he struggles to accept the responsibilities of adulthood and his destiny as king. Along the way, the young lion encounters a colourful cast of characters including spunky lioness Nala, charismatic meerkat Timon, and loveable warthog Pumbaa.

To claim his rightful place on the throne and save his beloved Pridelands Simba must find his inner strength and confront his wicked Uncle Scar. . The Lion King JR. features classic songs from the 1994 film such as "Hakuna Matata" and the Academy Award®-winning "Can You Feel the Love Tonight" as well as additional songs penned for the Broadway production.

"The Lion King Jr reaches to our deepest emotions, touching on themes of love, loss, guilt and responsibility. The overarching message of the Circle of Life and our place in it is both humbling and empowering. Lebo M's soaring African music, Elton John's crowd pleasers and the exotic beauty of the African landscape all combine to make this show, to me, the most joyful and moving of the Disney productions."

Merinda Gray Director Lion King Jr

Playing from the 20th March until the 28th March 2021 at Warrandyte High School Theatre this wonderful cast of 50 children aged 8-15 bring this magical story to life.
